NUCLEAR REGULATORY COMMISSION

10 CFR Part 171

RIN 3150-AJ16

[NRC-2012-0092]

Technical Corrections; Correction

AGENCY: Nuclear Regulatory Commission.

ACTION: Final rule; correcting amendment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is correcting a final rule that was published in the *Federal Register* on July 6, 2012 (77 FR 39899), and effective on August 6, 2012. That final rule amended the NRC regulations to make technical corrections, including updating the street address for the Region I office, correcting authority citations and typographical and spelling errors, and making other edits and conforming changes. This correcting amendment is necessary to correct the statutory authority that is cited in one of the authority citations in the final rule.

DATES: The correction is effective on **[INSERT DATE OF PUBLICATION IN THE *FEDERAL REGISTER*]**.

FOR FURTHER INFORMATION CONTACT: Cindy Bladey, Chief, Rules, Announcements, and Directives Branch, Office of Administration, U.S. Nuclear Regulatory Commission, Washington, DC, 20555-0001; telephone: 301-492-3667 or e-mail: Cindy.Bladey@nrc.gov.

SUPPLEMENTARY INFORMATION: On July 6, 2012 (77 FR 39899), the NRC published a final rule in the *Federal Register* amending its regulations to make technical corrections. This document is necessary to correct the statutory authority that is cited in the authority citation for part 171 of Title 10 of the *Code of Federal Regulations* (10 CFR). The authority citation for 10 CFR part 171 referred to section 6101 of the Consolidated Omnibus Budget Reconciliation Act. The authority citation should refer to section 7601 of the Act.

Rulemaking Procedure

Because this amendment constitutes a minor technical correction to the NRC's regulations and the authority citation for the prior technical corrections rulemaking, the Commission finds that the notice and comment provisions of the Administrative Procedure Act are unnecessary and is exercising its authority under 5 U.S.C. 553(b)(3)(B) to publish these amendments as a final rule. These amendments do not require action by any person or entity regulated by the NRC. Also, the final rule does not change the substantive responsibilities of any person or entity regulated by the NRC.
